REPORT OF THE TRUSTEES OF THE CEMETERY FOR THE YEAR ENDING FEB. 17, 1903.

We submit herewith the report of the superintendent, bringing to your attention as a town those who since our last report have passed forever from our sight in this world. It is well thus to contemplate each year the harvest work of the Reaper, and if a large majority of families have enjoyed the blessings of life and are looking forward to another year of activity, we should all realize that sooner or later our turn will come to sorrowingly part with dear ones of kin or acquaintance, or ourselves to be borne to the cemetery of the dead. It cannot fail to enlist fully our sympathy for the afflicted, and spur us to endeavor to mitigate by kindly offices the force of the terrible blow to the living, left alone and weakened, to bear the burdens of life. The cemetery grounds are about in the same condition as last year,. The hearse and hearse house have been kept in perfect repair by the town, and nothing we have asked for has been withheld. Usual care has been bestowed on the roads of the cemetery, and the general work throughout the grounds has been done seasonably by the superintendent. We wish to commend the private interest exhibited in the care of lots, and the erection of substantial and tasteful monuments. The interest accumulated on funds donated for particular lots to be cared for has been expended on these lots so far as was needed, aud our cemetery has received favorable comment on its beauty by strangers visiting the place. Public spirit, prompted by love, should constantly lead us to see that the graves and monuments of ancestors and relatives of remote cannection are not neglected to become unsightly, and as a board we would be glad to have our attention called to neglected lots or graves when relatives have all passed away, and we will apply some of the funds in our treasurer's hands as we have the past year to right them so they will not be an offense. The increase of years and failing health of most of the board has proved a barrier to our personally doing as much work in the cemetery as we had planned, and the scarcity of help to be hired has proved more of a barrier. There is now but one active able-bodied man on the board, and we hope in the filling of vacancies younger men of broad ideas and imbued with public spirit may succeed. We remind those of the town who have no lots to bury or be buried in that practically all that remains of the cemetery available for lots is the west and southwestern slope of the addition made some years since to the old cemetery grounds.

FIREWARD'S REPORT.

Again we feel grateful that for the year ending Feb. 15, 1903, we have only one fire alarm to report.

April 25, 1902, alarm sounded for a brush fire on land of Charles H. Shedd, caused by spark from steam mill on the premises we think. Small damage.

April 29, 1902, was called by telephone to brush fire on land of John M. Todd. Upon arrival we found the fire stopped and mostly out. Expect the fire was caused by tramp. Some damage done to standing trees.

Dec. 31, 1902, a steam mill on Stearns' lot in the westerly part of the town was burned. No alarm.

It was found necessary in the fall to do something about suction hose for the engine. As it was the engine was useless. The Engine Company, (not the town) had two lengths of best rubber hose which they had purchased for muster purposes. We borrowed this and purchased two more lenghts and brass strainer to match. By vote of the Company the town can buy their two lengths of hose at cost, which we would recommend.

Respectfully,

CHARLES F. MARDEN,

Chief Fireward

Given under our hands at said New Boston this 16th of February, 1903.

CHARLES S. COLBURN,
HENRY KELSO,
FRANK A. GREER,
School Board of New Boston.

Report of School Board,

While our schools during the past year have had more or less of adverse conditions, as is always the case, we believe that the average quality of the work done has been fully up to the standard of the past.

In addition to the schools usually maintained we have held a summer term in No. 3 and a winter term in No. 15. We have also expended a considerable sum for transportation.

Our high school suffered a severe loss in the resignation of Miss Mildred C. Warren, who had been its faithful and highly successful principal for five years.

Her graduating class at the close of last school year consisted of nine members:

Wm. J. N. Patterson,	Chester L. Proctor,
Herbert M. Shedd,	Frank A. Edwards,
Grace M. Dodge,	Alice W. McLane,
Eva M. Shedd,	Florence M. Stevens,

Josephine E. Upton.

In our present principal, Miss Elizabeth Hutchinson, we are finding a competent and faithful teacher, well worthy the confidence of every parent. This school holds a very important place in the educational work of the town. Its usefulness would be greatly increased by broadening the course of study and placing an assistant teacher in the school, also by laying plans which would ultimately give it a proper supply of apparatus for the study of natural sciences. This would place the school on the approved list of the state authorities and thereby save a considerable sum now paid to other high schools from our treasury. While the net financial result would be a small increase in our school expenses it would bring a substantial and permanent benefit to our town in many ways. We hope the people may give careful consideration to this question.

School houses No. 2, 8, 15 and 16 should be painted during the coming year. One half the insurance on

village school house expires in a short time, also the insurance on several school houses in different parts of the town.

To maintain our schools on their present basis will require, in our judgment, an appropriation of $700 above the sum required by law.
